

AZORES COLLECTION WORKSHEET

LUCA NICHETTO

The Azores collection by Luca Nichetto comprises sofas and small tables, conceived as islands, allowing for flexible compositions to suit unique spaces. Each piece has a soft, rounded, sculptural shape made from luxurious upholstery and rich solid wood, highlighting the craft of De La Espada. The 'islands' were designed to be styled separately, or combined for a striking piece of furniture.

INDIVIDUAL PIECES

Every product in the Azores collection was designed to work on its own, or to be combined with other members of the collection for unique configurations. The products do not physically connect to other members of the collection; rather, they sit next to one another.

ARMS ON SOFAS

Select sofas are available armless or with an arm on the left or right hand side.

TIMBER BASES ON SOFAS

Each sofa has a timber base that extends beyond the upholstery, either at the back or the side. When the base extends to the side, this can be specified on the left or right hand side.

SCATTER CUSHIONS

Scatter cushions are available in two sizes, one square and one rectangular. Cushions are included with each sofa according to the specifications on the following pages.

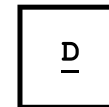

TABLES

All tables have upholstered bases. The side tables, Maria and Graciosa, are designed to be placed on top of the timber sofa bases if desired. The coffee tables, Flores and Corvo, have removable timber tops concealing storage space within.
